60cm 500 series fully-integrated dishwasher, beam on floor indicator, 15 place settings.

Product Details

FEATURES

MaxiFlex
MaxiFlex drawer space can be adapted to the load.

SatelliteClean
SatelliteClean reaches all items with water jets.

ExtraPower
ExtraPower option improves wash performance.

Delay start 24H
Delay start of the program to suit your schedule.

PerfectFit sliding hinges
PerfectFit hinges adapt to any door and plinth*

AirDry
Allows natural airflow in towards the end of the cycle ensuring dry dishes

Beam on Floor
Beam-on-Floor shows you when its time to unload.

Eco program
Eco program is water and energy efficient.

BENEFITS

MAKE ROOM FOR MORE
The MaxiFlex drawer accommodates everything from spoons to spatulas. From multiple cutlery sets to over-sized utensils, the flexible dividers mean you can customise the drawer according to the load. Flatware is kept separate from larger items and the added depth increases the capacity for each cycle.

MAX COVERAGE. MAX CLEAN
SatelliteClean shoots multiple jets of water into every corner of the dishwasher to ensure every item is thoroughly cleaned. The double rotation movement continuously changes the angle of the water jets to ensure maximum coverage, delivering outstanding cleaning results.

IMPROVE WASHING RESULTS
The ExtraPower option improves the cleaning results of selected wash programs by adding a boost in temperature to remove stubborn stains from your kitchenware.

CLEAN DISHES ON YOUR SCHEDULE
The 24-hour delay start function lets you load your dishwasher and program it to start at the time that suits your schedule.

A PERFECTFIT FOR ANY KITCHEN
Double rotation PerfectFit hinges allow you to install the dishwasher with any door length, without needing to cut your kitchen plinth*. The special movement of the double fulcrum hinges makes it possible to open the dishwasher door with ease.

UP TO 3X BETTER DRYING*
AirDry technology finishes each cycle with a breath of fresh air, performing three-times better than closed-door systems. The door automatically opens 10 cms towards the end of the drying phase, without you lifting a finger. This allows air to circulate inside, leaving plates and cutlery completely dry and spotless at the end of the cycle, whilst also saving energy.* Compared with our closed system.

STATUS CHECK FROM A DISTANCE

Beam-on-Floor projects the status of your wash program so that you can easily see when its time to unload. A red spot on the floor means that the program is still running, while a green spot means that it is completed.

SWITCH TO ECO

Suitable for cleaning normally soiled tableware, the Eco Program is this dishwashers most efficient program for water and energy consumption.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Type of Dishwashers	fully integrated
Place settings	15
Drying system	AirDry
Number of spray arms	3
Top shower	Yes

SPECIFICATION

Water Efficiency Star Rating	5
